**Duisburg, September 26, 2024.** thyssenkrupp Steel Europe AG has made key personnel decisions for the realignment of the company at an extraordinary Supervisory Board meeting. Ilse Henne, member of the Executive Board of thyssenkrupp AG and CEO of the Materials Services business segment, has been appointed as new Chairwoman of the Supervisory Board. Knut Giesler, District Manager of IG Metall North Rhine-Westphalia, was appointed to the Supervisory Board of thyssenkrupp Steel Europe AG on behalf of the employees and elected Deputy Chairman. The other vacant positions on the shareholder side will be completed by Detlef Schotten, Andreas Zinke and Sonja Püskens, who work in various functions for the thyssenkrupp Group. On the employee side, Ali Güzel, Chairman of the Works Council at the Duisburg-Hamborn site, succeeds Tekin Nasikkol.

#### **New appointments to the Executive Board of thyssenkrupp Steel Europe AG**

In addition, the Supervisory Board of thyssenkrupp Steel Europe AG today confirmed Dennis Grimm as Spokesman of the Executive Board, who has already held the position as interim Spokesman of the Executive Board since end of August. Grimm will assume overall operational responsibility as well as the technological management and development of the company. He is also in charge of the technological implementation of the green transformation. In addition, Grimm is also acting responsible for the newly tailored sales and innovation department.

Dr.-Ing. Marie Jaroni, previously Executive Vice President Steel at thyssenkrupp AG, will be appointed to the Executive Board as of October 1, 2024. In a newly created department, she

will be responsible for the strategic development as well as for the performance-oriented management of the company towards enhanced competitiveness.

Philipp Conze was confirmed as Chief Financial Officer. He will also continue to head the HR division until a successor is appointed.

Ilse Henne, Chairwoman of the Supervisory Board of thyssenkrupp Steel: "The realignment of thyssenkrupp Steel is making progress. With the new appointments to the Supervisory Board and Executive Board, we want to address the major challenges of structural realignment, independence and the green transformation together. The task now is to set the course for a successful future for the company together with thyssenkrupp AG and the employee representatives. The remaining vacancies on the Executive Board will be announced as soon as possible."
